

**Manchester Artists Association
2017 High School Senior Scholarship Program**

For Immediate Release:

The Manchester Artists Association is pleased to announce the 2017 New Hampshire High School Senior Scholarship program. Founded in 1966, the Manchester Artists Association was established to provide fellowship, education and incentive to artists who are engaged or interested in the pursuit of fine art. Each year MAA awards a \$500 scholarship to an outstanding high school senior who is pursuing post-secondary education and a career in the fine arts. High school seniors who wish to apply for the scholarship can contact Dr. Howard Muscott for more information and an application or download the materials from the MAA Website (<http://www.manchesterartists.com>). The application deadline is May 1, 2017.

Last year, the Scholarship Committee was very pleased at the high quality of the work produced by the high school applicants from across NH and four finalists were selected for a portfolio review and interview. We wish to congratulate our 2016 recipient Shelby Bernard of Exeter High School and her art teacher Ellen Whitman.
